Refreshingly fruity: Memory orange

Colour and style tip

Orange conveys freshness, high spirits and is just perfect for the self-confident woman. When combined with a vibrant pink, turquoise or purple, you are guaranteed to attract attention and you will be

at the forefront of fashion in 2012. In combination with black, grey or dark blue, orange has a glowing effect, while accessories in matching colours will complete your outfit perfectly.

Alluringly elegant: Memory mint

Colour and style tip

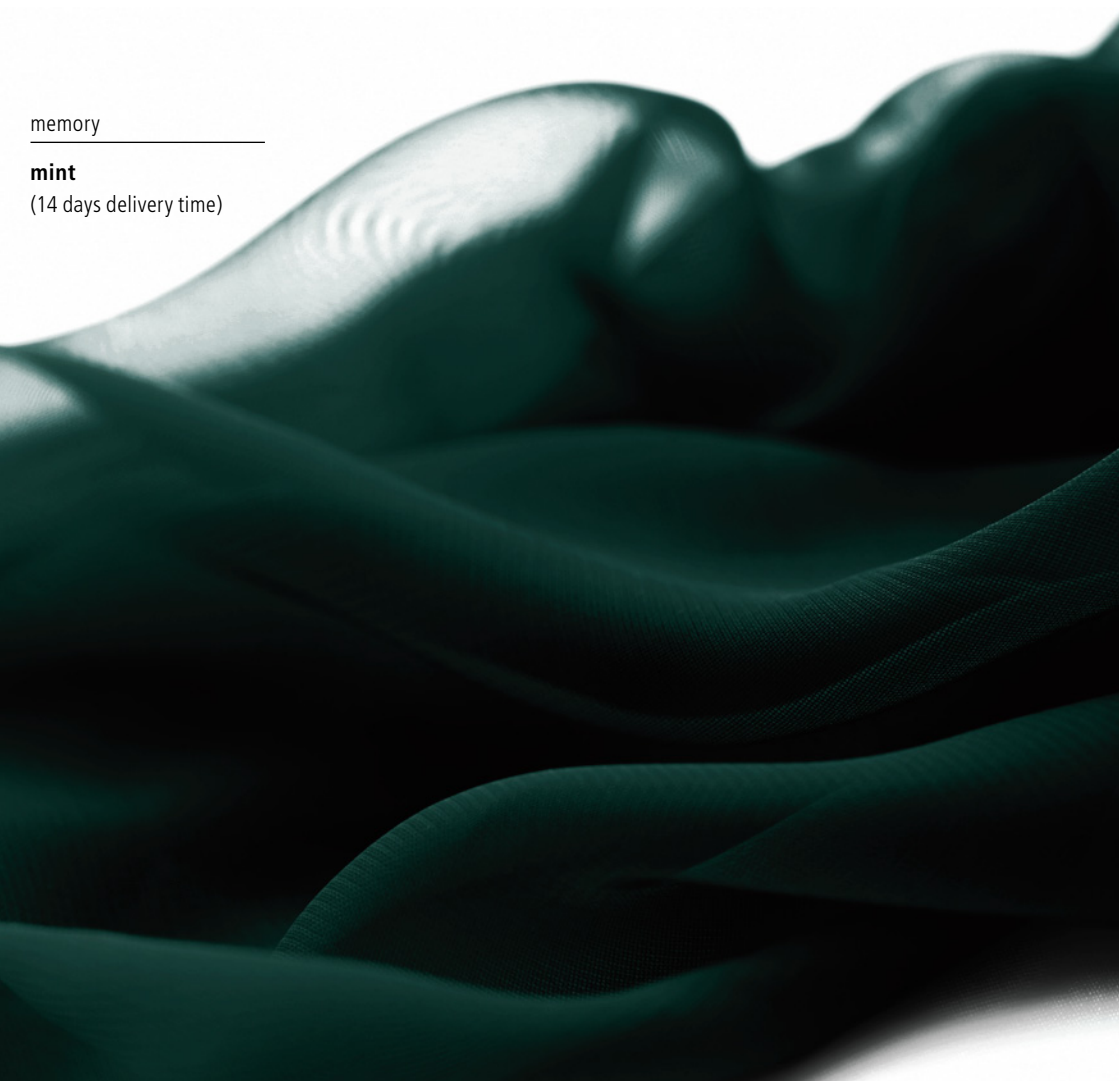

Mint exudes a casual elegance that suits almost any type. Glossy satin in black and grey gives mint a stylish look. Gold and silver create a luxurious appearance. In combination with

a vibrant blue, mint will certainly be the latest eye-catching fashion outfit in 2012.
